

**FREE**  
**Well Water Testing Clinic**  
**&**  
**Environmental Health Fair**

**Sept. 30, 2023**

**9:00 AM – 1:00 PM**

**Elko New Market Library 110 J Roberts Way**

Bring a drinking water sample to be tested for nitrate nitrogen and chloride.

- No Reservations Needed
- Confidential Results
- No Sales Gimmicks
- Professional water experts will answer questions on well interference, water conservation, & water quality issues

**Instructions:** Bring drinking water from your home in a clean, hard plastic or glass container. (No plastic bags.) Your container will be returned. Try to do this the same day as the clinic and bring a minimum of a cup (8 oz) of water. If you treat your water, you can bring in a treated and non-treated water sample. You can wait for your results or request them via email.
